Storage surface needed: 1m² for 100m² tiles

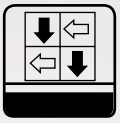
Easy to move
Practical trolley to transport your tiles easily

Easy to install
Flexible backing
Easy to cut

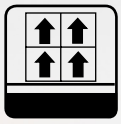
Easy to transform
A basketball court is transformed into an attractive meeting area by 1 person within 2 hours

Advice for quick installation

Laying Directions



> Arrows on the back of the tile indicate the laying direction
> To obtain a checkerboard effect : position each tile at a 90 degree angle



> To obtain a wall-to-wall effect: all arrows should point into the same direction

Effective Protection
